Skills

. C, C++
. OOPS IN C++ , html, css, javascript
. Data structures
. Ms word., excel

Experience

As a current student, I am venturing into the field of web development with a foundational projectto my credit. Eager to bridge theoretical knowledge with practical expertise, I am actively pursuing internships to gain hands-on experience and further refine my skills. I am enthusiastic about the prospect of contributing meaningfully, learning, and growing professionally while concurrently completing my academic endeavors.
